DEDICATION

This book is dedicated to all of the many wicked people whom God has brought into my life over the years. Without having the chance to see their malice, craftiness and deceitful scheming at close quarters I would never have been able to learn as much as I did about their ways and methods. This book is, in large part, the product of what I have had to endure at the hands of wicked bosses, colleagues and employees but also wicked members of churches, and even wicked church leaders.

Each of these groups contained individuals who were, in various ways, false, manipulative, self-serving, malicious and devious. I did not enjoy any of my experiences with them at the time, but the lessons learned from each of them have stayed with me. Therefore I am now grateful to God for bringing all those wicked people into my life, though I cannot claim to have appreciated it at the time.
